Only during boot Düsseldorf

INDIVIDUAL LIKE NO OTHER!

21 Upholstery designs · 4 Wood designs · 4 Exterior designs

The concept of Style meets us everywhere! In the fashion, world of colours, architecture...all this is describing Life. Style is also HANSE!

DESIGN TRENDS! DON'T FOLLOW!

For example, we have introduced the spacious loft style ambience in maritime world and created new habitats for you!

We have developed HANSE Individual Cabin Concept, an intelligent combination of layout modules for easy and practical creation of individual living environments.

We offer extensive range of different wood styles for furniture and floors, upholstery colours and textures...

Since the design doesn't end below deck, we offer also a variety of different hull and waterline colours.

DESIGN YOUR HANSE - COMBINE, FEEL, TRY

HANSE Design concept gives you the opportunity to realize your personal preferences, needs and lifestyle in your new HANSE.

...and that's why we have created for you at boot Düsseldorf a Design Studio where you can configure your HANSE combining upholstery colours, woods and floors and see that hulls cannot be only in white and blue.

OUR OFFER FOR YOUR CREATIVITY

FULL SELECTION - NO EXTRA CHARGE
